

About Project Blueprint CDS

Webinars for Frontline Professionals and Mid-Managers

Presented by: Alberta Council of Disability Services

What is Project Blueprint CDS?

In 2022, the Government of Alberta funded ACDS to develop solutions for long-term workforce challenges in the Community Disability Services (CDS) sector. These challenges include:

- Low wages
- Increasingly complex service needs
- Competition from other sectors for better pay and work environment
- Lack of post-secondary and specialized training opportunities
- And many more...

Based on broad engagement and research, Project Blueprint proposes **a comprehensive workforce strategy with 18 recommendations to address these problems** and create a sustainable, skilled, and professional workforce for the CDS sector.

Why is it important to learn about this project?

Project Blueprint has **ONE GOAL: to create a skilled and professional workforce in a sector that is recognized for doing valuable, fulfilling work.**

To succeed, we need everyone in the sector to know about this initiative and add to the collective voice as we work to build partnerships and create solutions across Alberta.

These webinars are the first step to learn about the project and understand how it can benefit you, your career in this sector, and your organization.

When are the webinars and who are they for?

The webinars are targeted to frontline professionals, supervisors, mid-managers, and HR staff. However, everyone working in the CDS sector is welcome to attend.

Wednesday, July 31 (12 pm – 1 pm) | Thursday, August 8 (10 am – 11 am)

Tuesday, August 13 (1 pm – 2 pm) | Thursday, August 15 (9 am – 10 am)
