

Subject: PLEASE READ - PPE E-Mail From Provincial Operations Centre (POC) Sent to Community Stakeholders Earlier Today - Monday, May 25 2020

Importance: High

Hello Friends and Colleagues:

Most of you (if not all of you) received an e-mail earlier today from the COVID-19 Provincial Operations Centre (The POC) regarding ongoing access to PPE.

I appreciate that this e-mail from The POC may be causing some confusion. My apologies for this.

Please note the following in regards to ongoing access to PPE and the cost of PPE:

1. **All Disability Service Providers, PDD FMS agreement families, and FSCD families that directly employ disability workers continue to be prioritized for access to PPE related to the COVID-19 pandemic – including after July 1st 2020.**
2. **All Disability Service Providers, PDD FMS agreement families, and FSCD families that directly employ disability workers WILL NOT be required to pay for access to PPE related to the COVID-19 pandemic, including after July 1st 2020.**

Sorry for any confusion.

John
